

B.A.N.K

Safety Rules

B....Be sure of your target and what is beyond

A....All guns are always loaded (never presume a gun is empty...check it and check it again!!!)

N....Never let the muzzle cover anything you are not willing to destroy!!!

K....Keep your finger off the trigger until your sights are on target and you have made a conscious decision to fire.

A real gun is not like a video game, when you fire a real gun, we cannot hit rewind. You are responsible for the bullet, no matter where it goes.
